Clinical

Case-based

THE PROGRAM

Seven topics,
seen through both lenses.

01 Open Bites

Brackets and aligners — when each approach delivers.

02 Class II

Choosing brackets or aligners; when to leave a Class II.

03 Class III

Camouflage vs surgery; brackets, TADs and aligners.

04 TMJ / TMD

Now essential — the pivotal role of TADs.

05 Hidden Open Bites

Diagnose the source of relapse and never-ending cases.

06 Multidisciplinary

Adult pathways with both aligners and brackets.

07 Extractions

Modern extraction cases with aligners and brackets.
